Many youth have also identified an interest in crystals and holistic healing via herbs.

**Independent Living Skills Group**
The purpose of this group is to help youth learn skills that will support them in their everyday lives to be self-sufficient and self-reliant. This group will also youth learn valuable life skills that will support decreasing their vulnerabilities to exploitation. Youth in this group will practice things like grocery shopping, doing laundry, cooking, budgeting, etc. Topics will rotate and also be informed by ongoing service partners needs.

This group is created specifically for youth who are pregnant and/or parenting. Sessions include lessons on child development, bonding with baby, parenting skills, making the home child-safe, soothing techniques, evidence-based techniques of parenting styles, how to install a car seat properly and much more!

**Closing the Gap**
Closing the Gap is a curriculum used for caregivers to reduce the risk of exploitation and human trafficking of their youth. During the groups we will discuss prevention strategies, the ability to recognize stressors in self and youth and have effective communication. Most importantly, this group is meant to empower caregivers because being a caregiver is a hard job! The group will be a closed 5 week cohort.

**Caregiver Support Group**
The Caregiver support group is designed to provide support to caregivers of youth who have been or are at risk of being sexually exploited. The group provides a supportive environment where parents and caregivers can learn and practice new skills to manage stress and relate to and learn from other parents going through similar situations. Caregivers will learn about various topics including education on CSEC, Risk Factors, Effects of Trauma, Mental Health, Adolescent Development, Healthy Relationships, Communication, Self-Care and much more! The major goals of this group are to provide support to parents, teach new skills and encourage their own healing that will ultimately improve family dynamics and increase quality of life.
