ABOUT SDYS

San Diego Youth Services is a nonprofit organization serving more than 16,000 youth annually who are experiencing homelessness, abuse or other life traumas. We have provided these life-saving services to more than 823,000 youth since our founding in 1970.

OUR SERVICES FOR YOUTH

We provide services to help young people in San Diego thrive, including mental health support, case management, life skills training, and safe places to live at shelters, foster homes and long-term housing.

OUR MISSION

Empowering youth to thrive by meeting their basic needs and providing lifelong skills for self-sufficiency and achieving their life ambitions.

MONICA'S STORY

"I spent my childhood constantly moving, staying in strangers' homes, garages, with relatives and friends. **Eventually I became homeless, sleeping behind shipping containers until my dad could figure out his next move.** At 9, I entered foster care after my dad was detained on drug charges. School became my escape, but I worried about what would come after high school."

FINDING SUPPORT AT SDYS

"Then I was connected with San Diego Youth Services ...They supported me with college applications, scholarships and mental health services. Because of that support, I became the first in my family to graduate high school, with a 4.3 GPA, was accepted to most of the colleges I applied to, and built a stable, thriving life."

AN INSPIRING FUTURE

"Today, I'm pursuing a bachelor's degree in Human Developmental Sciences at UCSD and hope to give back to my community just as San Diego Youth Services supported me. I am forever grateful to San Diego Youth Services. Your support gives youth like me the chance to heal, to grow and to dream again."
